USVI TELEHEALTH
PROVIDER SURVEY

🌐 surveymonkey.com/r/vitelehealth ⋮

As a trusted expert, we kindly ask for your input on this **5-minute confidential survey.**

The survey is designed to assess telehealth capacity and identify gaps such as training of IT staff, technology needs (both software and hardware), and to provide baseline information as we work towards the development of the Territory's Health Information Exchange (HIE).

How long?	**5 Minutes**
Where?	**Desktop, Tablet or Smart Phone**
Who?	**For Providers & Senior Administrators**

USVI Office of the Governor & USVI Dept. of Human Services | TELEHEALTH PROVIDER SURVEY

The following survey is intended to assess health care provider capacity and interest in two areas: expansion of telehealth services and participation in a Health Information Exchange (HIE). For the purpose of this survey, an HIE refers to the electronic transmission of health-care-related data between health care providers. Your responses will help inform USVI's approach to pursuing increased telehealth and HIE services and support needed for implementation. This initiative is a collaborative effort between the USVI Office of the Governor and the USVI Department of Human Services.

If you would like additional information and follow-up after completing the survey, fill in your organization's contact info.
